**PROPOSED FUNERAL HOME IN AWOYAYA, LAGOS STATE, NIGERIA**  
AN ACCESSIBLE DESIGN APPROACH FOR PLANNING & DEVELOPING FUNERAL HOMES

BY  
ODILI ADAOBI J.  
(11CA011713)

A THESIS SUBMITTED TO THE DEPARTMENT OF ARCHITECTURE,  
COLLEGE OF SCIENCE AND TECHNOLOGY,  
COVENANT UNIVERSITY, OTA,  
OGUN STATE, NIGERIA.

IN PARTIAL FUFILMENT OF THE REQUIREMENTS FOR THE AWARD OF  
MASTER OF SCIENCE DEGREE IN ARCHITECTURE.

MAY, 2018.

## **DECLARATION**

I, ODILI ADAOBI JANE of the Department of Architecture, College of Science and Technology, School of Post Graduate Studies, Covenant University, Ota hereby declare that this thesis work has been a personal academic paper undertaker under the supervision of Arc. A.B. SHOLANKE of the Department of Architecture, Covenant University, Ota and that all contributory references have been duly acknowledged.

### **ACCEPTANCE**

This is to attest that this dissertation is accepted in partial fulfilment of the requirements for the award of the degree of **Masters of Science (M.Sc.)** Degree in the department of Architecture, College of Science and Technology, Covenant University.

**Mr. Phillip John Ainwokhai**

(Secretary, School of Postgraduate Studies)

---

Signature and Date

**Professor Samuel T. Wara**

(Dean, School of Postgraduate Studies)

---

Signature and Date

## **CERTIFICATION**

It is hereby certified that this dissertation written by ODILI ADAOBI JANE was done under my supervision and submitted to the Department of Architecture, College of Science and Technology, Covenant University, Ota, Ogun State, Nigeria.

Supervisor

**Arc. A.B. Sholanke**

---

Signature and date

HOD, Architecture

**Dr. O.A. Alagbe**

---

Signature and date

## **DEDICATION**

I dedicate this dissertation to my Heavenly Father who bestowed on me the grace to start and complete this study.

## **ACKNOWLEDGEMENT**

I am eternally grateful to God for giving me strength to have completed this research work and for surrounding me with the most supportive people who helped in various measures to ensure this project was a success. I want to thank the Covenant University management and the community as a whole for their immense support in realizing this research.

I want to specially thank my supervisor, Arc A.B Sholanke for his patience and tireless effort into seeing the completion of this project and ensuring its proper documentation. His intellectual support from inception to completion can never be forgotten. I want to acknowledge contributions made by Dr Oluwatayo and Dr Izobo Martins, my studio coordinators, Arc. Ezema and Dr Ediae for their constructive criticisms and motivating comments.

This thesis would not have been possible without the love, prayers, unrelenting words of wisdom and financial support given to me by my mother, Mrs Odili. To my brother, Ikechukwu, I appreciate the love and concern shown to me. I want to thank my bestfriend, Adeolu for the sleepless nights, patience and support that went into this body of work. I want to thank my amazing friends whose love and support kept me grounded through this time.

Abstract .....	xxii
<b>CHAPTER 1 – INTRODUCTION</b> .....	<b>1</b>
1.1 Background to the Study .....	1
1.2 Problem Statement .....	3
1.3 Research Questions .....	4

1.4 Aim of the Study .....	4
1.5 Objectives of the Study .....	4
1.6 Scope of the Study .....	4
1.7 Justification of the Study .....	5
1.8 Research Methodology .....	6
1.9 Definition of Operational Terms .....	7
<b>CHAPTER 2 – LITERATURE REVIEW .....</b>	<b>8</b>
2.1 Understanding Death .....	8
2.1.1 Causes of Death .....	10
2.1.2 Perspectives on Death .....	12
2.2 Funeral Rites and Customs .....	23
2.2.1 Symbolism of Funerals .....	24
2.2.2 Funeral Rituals .....	26
2.2.3 Funerals Rituals in Nigeria .....	41
2.3 Funeral Management .....	44
2.3.1 The Concept of a Funeral Home .....	44
2.3.2 Funeral Home Services .....	45

2.4 Funeral Management in Lagos State .....	47
2.5 Major Design Problems Associated with Funeral Home .....	48
<b>CHAPTER 3 – ACCESSIBLE DESIGN .....</b>	<b>50</b>
3.1 Overview of Accessible Design .....	50
3.2 History of Accessible Design .....	52
3.3 Principles of Accessible Design .....	54
3.3.1 Diverse Abilities Considered in Accessible Design .....	55
3.4 Benefits of Accessible Design .....	56
3.5 Accessible Design Strategies for Buildings .....	57
3.6 Accessible Design Strategies in Funeral Home .....	58
3.6.1 Parking .....	58
3.6.2 Paths .....	59
3.6.3 Curb Ramps .....	60
3.6.4 Ramps .....	61

## **ABSTRACT**

In Nigeria, burying the dead is a very important tradition which includes elaborate activities and requires meticulous planning and coordination before execution. Funerals were initially organized by family of the deceased on family property but as communities expanded, secluded areas for the purpose of interment were developed. In advanced countries, funeral homes were developed to relieve bereaved individuals from logistical issues which arises once a person is announced dead. In Nigeria, there are various funeral service establishments that deal with the sale of caskets, obituary planning, mortuary services, entertainment, officiating services, counselling and other funeral related activities as different outfits with very few organizations offering more extensive funeral services but doing so out of environments not designed purposely for funeral services, hence, reducing their efficiency and increasing the level of stress of individuals grieving. The aim of this study is to design a funeral home in Awoyaya area of Lagos State, Nigeria with a view to unifying major funeral activities practiced in the country in an accessible environment. In order to achieve this, the study has used existing literature and information from case studies to; identify the various funeral activities practiced in Nigeria, investigate how funeral activities are managed in Nigeria and identify the components of an accessible designed environment. Findings from this research showed that the few funeral homes in Nigeria that offer extensive services are not designed to be accessible to all members of the public, this study has developed an architectural design of a funeral home that conforms to the principles and existing standards of accessible design.
